## Career Planning Versus Job Hunting

1. Make life changes first
2. People who have goals do better
3. Have a clear vision
4. Understand the need to allow plenty of time
5. Be cautious about a lower level position

## Career Planning Versus Job Hunting

6. Select the right offer
7. Focus on positioning over money
8. Bypass the ideal offer for longer term gain
9. Stick with your vision
10. Our values change over time

## Career Planning Versus Job Hunting

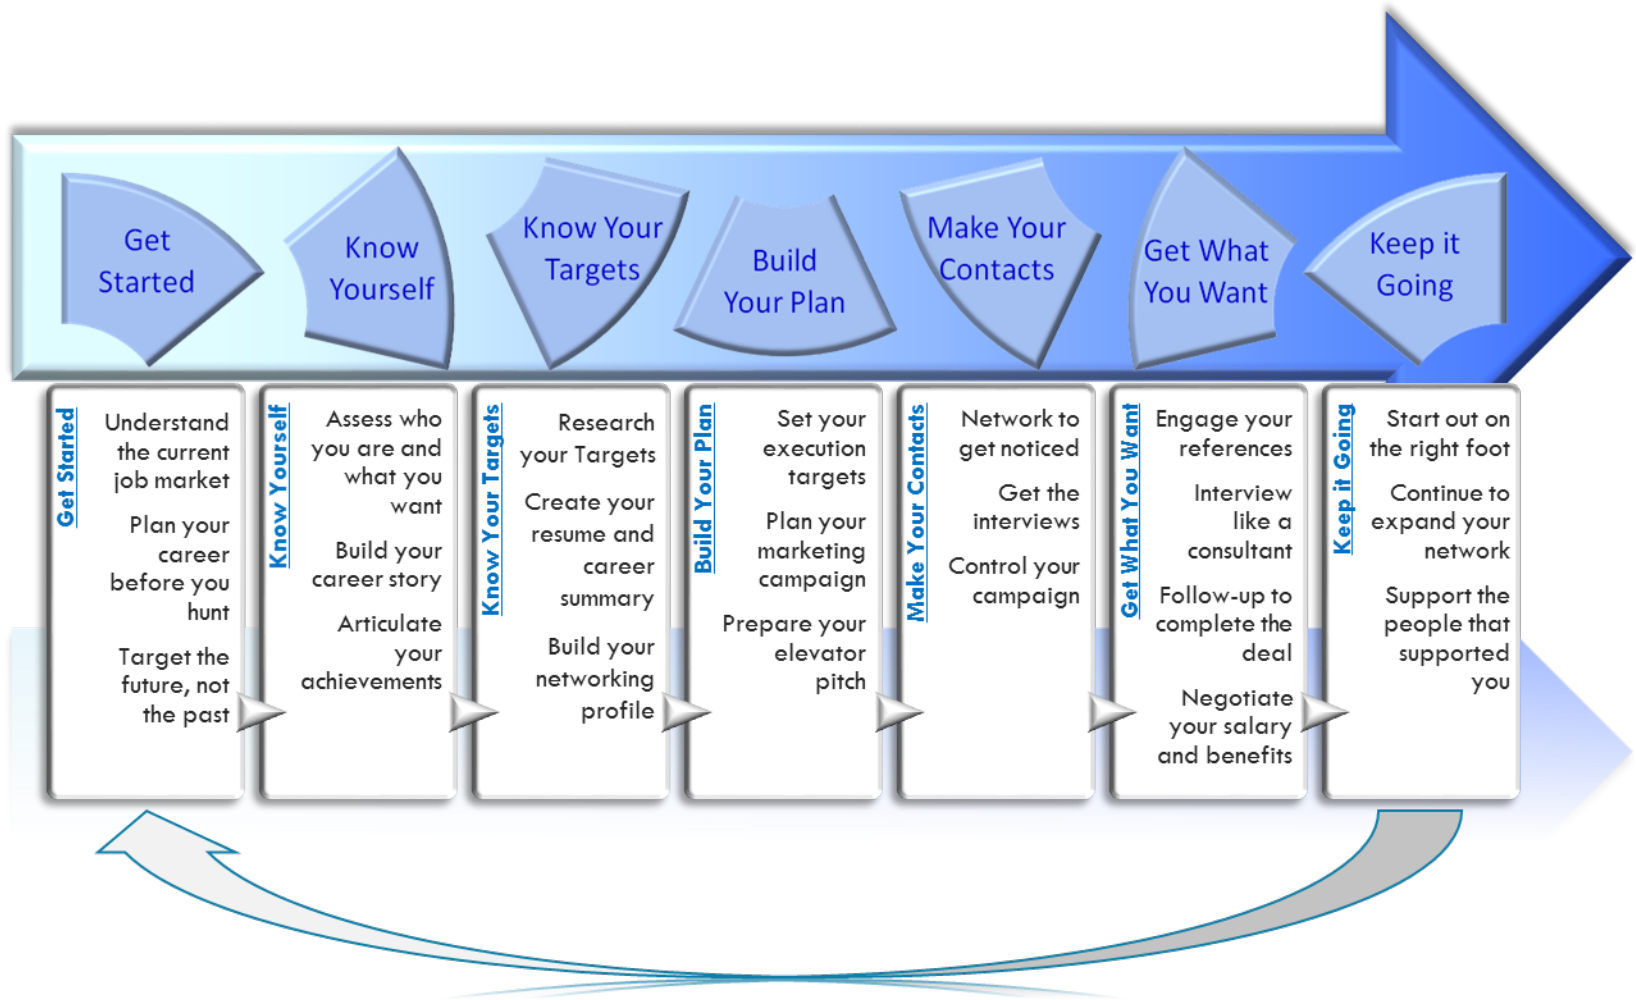

- 11. Think big, not small
- 12. Sometimes you need to be subjective
- 13. Life may be different now than it was then
- 14. Expect to be paid fairly
- 15. Life skills, not just job hunting skills

## Look to the Future

- Remember the effects of the valley of despair
  - Looking to the last summit will hold you back
  - Looking to the next with excitement will drive you forward
- You don't have time to feel sorry for yourself
- No one has time to listen to your complaints
- You can't control the past
- You can only control your future
